

NEW!

MAUSER 25
RULE
YOUR FIELD.

www.mauser.com

ABSOLUTELY INTUITIVE. UNCOMPROMISINGLY RELIABLE.

The straight bolt handle is ergonomically positioned above the trigger for fastest repeating without frills. The two-position safety acts directly on the striker and can easily be controlled by hand. Built for intuitive and silent operation. The safety will allow loading and unloading in SAFE MODE.

The new MAUSER 25 is the ultimate tool for you if you want everything except a status symbol. Go for the strongest in its class and rule your field with the new MAUSER 25 by your side!

The new MAUSER 25

MADE FOR TRUE WINNERS.

You are at the top. Always. With every step you take and with everything you do. Whether on the rugby field or on the hunt: Out there is your territory. Here, you are superior. Extreme resilience, unconditional willpower and uncompromising accuracy characterise you - and your rifle. The straight-pull bolt action rifle, that is made for you: the new MAUSER 25.

UNPARALLELED SPEED. UNBEATABLE SMOOTHNESS.

Its unique straight pull makes the MAUSER 25 fast and extremely smooth-running. MAUSER defines a completely new level of true straight-pull experience. Without compromise.

The bolt closes lightning fast and smooth and thanks to the new "MAUSER-Spread-Lock-250" (bolt with two massive locking lugs), it safely locks twice to 125 degrees (250 degrees in total) with 66 mm² contact surface (10% more contact than the proven MAUSER 98). Maximum safety thus combines with maximum repeating performance.

THE NEW MAUSER 25 AT A GLANCE.

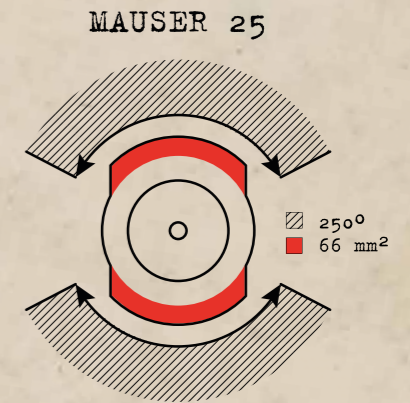

AVAILABLE AS
LEFT-HAND VERSION!
NO EXTRA CHARGE.

2-position safety with tip-to-open function to open the bolt in safe mode.

Straight bolt handle ergonomically positioned above the trigger for maximum reloading speed.

The "MAUSER-Spread-Lock-250" locks with two locking lugs on a surface of 66 mm² at an angle of twice 125 degrees.

Height-adjustable polymer comb

Muzzle thread
M15x1

Detachable single row polymer magazine.
Capacity: 3+1

Robust thumbhole stock made of laminated beech-wood, oiled and stained.

Steep pistol grip for an ergonomically perfect shooting position and maximum control.

Standard LOP: 359 mm.

Cold-hammer forged precision barrel made of special steel with the new durable and rust-resistant MAUSER plasma-oxidised surface. The plasma oxid coating is manufactured using the three "forces of nature" heat, nitrogen and water without the addition of chemicals. Barrel length 51 cm in standard calibre and 62 cm in magnum calibre.

A woman with blonde hair, wearing a camouflage jacket and a matching cap, is shown in a forest. She is carrying a Mauser rifle with a scope on her shoulder and holding binoculars. The scene is set in a wooded area with green and yellowing leaves.

MEN ALWAYS WANT
ONLY ONE THING:*

*A WOMAN WHO CARRIES A MAUSER 25.

ONE FOR EVERY TYPE.

The MAUSER 25 launch portfolio consists of three variants, from the Pure model with its classic sporter walnut stock to the MAUSER 25 Extreme with its ultra rugged polymer stock and the Max version with its ergonomic thumbhole stock made of laminated wood: All three variants have one thing in common - they provide full MAUSER quality, precision and an extremely smooth and fast straight pull action that is unrivaled in this price range!

MAUSER 25 Max

MAUSER 25 Max

Maximum control, maximum speed.

The thumbhole stock made of laminated wood which is already popular with the MAUSER 12 and MAUSER 18 is also available for the MAUSER 25. The MAUSER 25 Max' stock is characterised by maximum stability combined with an ergonomic hand position. The stock made of specially treated laminated beech wood guarantees maximum stability and warp resistance in the most adverse weather conditions.

Overall length: 100 cm | Weight: approx. 3.4 kg

MAUSER 25 Extreme

MAUSER 25 Extreme

Extremely rugged, extremely fast.

The ultra-rugged black polymer stock of the Extreme makes this MAUSER 25 variant an absolutely reliable tool in situations, when the going gets tough and hunter and equipment are pushed to their limits. The Extreme is optionally available with a green stock.

Overall length: 100.5 cm | Weight: approx. 2.9 kg

MAUSER 25 Pure

MAUSER 25 Pure

Lightning-fast Sporter.

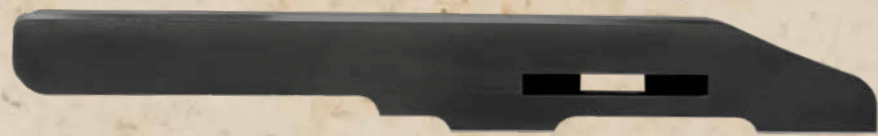

With the MAUSER 25 Pure, the new and lightning-fast straight-pull rifle presents itself as a true classic sporter made of walnut wood with a straight comb and steep pistol grip.

Overall length: 100 cm | Weight: approx. 3.1 kg
